

Precision Oncology: Symposium

Auditorium Maurice E. Müller

28.01.2025, 09:00 - 12:00 Uhr

Onkologie | University Comprehensive Cancer Center Inselspital | Radio-Onkologie

Invitation to the Symposium

Open Rank Assistant Professorship with Tenure Track or Extraordinariat for Medical Oncology Focus on Precision Oncology

- **Welcome**
Prof. Dr. med. Claudio L.A. Bassetti, Dean, Prof. Dr. med. Christiane Zweier, President of the Commission
- **Novel predictors and targets for precision oncology**
PD Dr. med. Linus Angenendt, Department of Biosystems Science and Engineering, ETH Zürich and Department of Medical Oncology, Haematology, Haemostaseology and Pneumology, University Hospital Münster
- **Precision Immuno-Oncology: Predictive Biomarkers and Mechanistic Insights into Immunosuppressive Communication Networks**
Dr. med. Ruben Bill, Department of Medical Oncology, Inselspital Bern
- **Precision – a matter of perspective?**
PD Dr. med. Barbara Deschler-Baier, Comprehensive Cancer Center Mainfranken at the University Hospital Würzburg
- **Immunometabolic checkpoints in cancer and inflammation**
PD Dr. med. Peter Siska, Internal Medicine III, Hematology-Oncology, Uniklinikum Regensburg
